Dear Monomoy Family,

As proud members of the Monomoy family, we enter into our 5th year as a highly successful school on the move. I am excited to have everyone back after the summer break, and look forward to another amazing year! Over the past four years, we have worked extremely hard developing a philosophy and collective commitment that our school is our

"Home Away from Home."

Our beliefs and actions support a safe, welcoming and nurturing learning environment. At Monomoy Regional High School

"You Are Important."

Last year our entire school community united behind a set of agreed-upon core values to live and learn by. Our school will continue to thrive as we place a strong emphasis on the value of each individual in our school family. This includes students, staff, parents, guardians, community members and visitors.

This year our theme will focus on personal and school growth and improvement. The idea is that if each of us push ourselves to be the best and work to improve and grow socially, emotionally and academically, our school community will be a better place.

"Better U. Better Us."

### JAWSOME HOUR/ LUNCH

The fundamental purpose of MRHS is to ensure all students learn at high levels. Jawsome Hour has been designed to provide students with additional time and support for learning when they struggle, and extend and enrich learning when they have mastered expected outcomes. Jawsome Hour is a 55 minute block of time carved out of the school day wherein all students have their lunch and are free to wisely choose how to spend the remainder of the 55 minutes. It is our belief that students given time during the school day to focus on individual improvement, and the ability to work with teachers eager to support them, will result in improved academic performance for all students. Available Jawsome Hour choices are: club activities, class meetings, enrichment, student led initiatives, open gym, study groups, guidance meetings, extra help, academic boot camps, homework help, work on a project, peer tutoring, and more (current Jawsome Hour opportunities are posted on the ASPEN home page and the MRHS home web page). Faculty will provide passes for certain students to attend Academic Overtime (AOT) during Jawsome Hour. Students who are struggling academically or need to make up work, will receive the academic supports they need through required attendance at AOT. Students are required to attend AOT when assigned by a teacher until they no longer need support. Students may receive a pass for AOT when they:

- Have a zero on any assignment
- Have an incomplete in any course
- Have a grade below 75% in any course
- Need to make up work

Students who do not meet behavioral expectations as described in our student handbook will lose their “choice” privilege and may serve detentions during Jawsome Hour.

In summary, the Goals of Jawsome Hour are to:

- Increase opportunities to support ALL learners.
- Allow time for student involvement in enrichment/ extracurricular activities.
- Allow more efficient use of staff and student time during the lunch block.
- Allow for personalization of education.
- Decrease number of overall students with a grade below 75% in any course.
- Increase overall class averages for all students.
AFTER SCHOOL STUDENT LOCATIONS

Students must be in a supervised area after school, which could include the library, weight room, teacher’s classroom with permission or other after school extra-curricular function location. Students waiting for rides will remain in either the front foyer or the rear community entrance.

MONOMOY REGIONAL HIGH SCHOOL COUNCIL

The Monomoy Regional High School Council consists of representatives from parent/guardians, students, faculty, and the community who have specific responsibilities under the Education Reform Act of 1993. School Council members are elected each year. The School Council will meet quarterly under the direction of the principal.

- Eight or less unexcused absences from the course for the entire year.

- Exemption privilege may be over-ruled by a specific teacher for his/her specific course(s).

SENIOR “PRANKS”

The Monomoy Regional High School community has great pride in the high school and does not condone “Senior Pranks”. Any disruption in learning or act that damages or negatively impacts school property is subject to disciplinary action and may lead to loss of senior privileges, end-of-year senior activities/celebrations, and potentially prohibit participation in the graduation ceremony.

ELEVATOR

The high school is equipped with an elevator near the Main Office. This is not for general use but rather for those among the Monomoy family, and its visitors, who are unable to use the stairs. Whether it be permanently, for a short time, or one time only, permission to use the elevator is required. Please see the School Nurse or the Main Office for assistance.

BLACKBOARD MASS NOTIFICATION SYSTEM

The school district uses an automated phone and e-mail communication program called Blackboard, to contact parents/guardians, students and staff with important school events and announcements, including the delay/closure of school due to hazardous weather or other emergencies. Please make sure that the school has your current phone and e-mail contact information (this information should be updated throughout the year as changes occur) along with your preference for the order in which you are to be contacted. In case of urgent communication, this system allows immediate contact.

EXTRACURRICULAR ACTIVITIES (REQUIREMENTS)

In order to participate in any extracurricular activity a student is required to pass six credits of academic course work the preceding marking period or receive a waiver of this requirement from the principal, in his/her discretion. The final grades in the courses serve as the standard for the first marking period of the following school year. The Monomoy High School Chemical Health Policy applies to all extracurricular activities.

EXTRACURRICULAR ACTIVITIES

See the Monomoy website for a complete list of clubs and extracurricular activities.
THE STUDENT COUNCIL

This is the officially recognized voice of the student body. It serves to facilitate communication and understanding between the students, the faculty, and the administration. Members are elected to the Council. The major concerns of the Student Council are:

1. Promotion of school spirit and a positive atmosphere for learning
2. Encouragement of cooperation among the classes
3. Coordination of student activities
4. Fostering leadership and responsibility qualities among all MRHS students

Students are encouraged to explore the creation of new clubs/extracurricular activities, including the location of potential advisors, and then propose such ideas to the high school administration.

ATHLETIC PROGRAM

Karen Guillemette – Athletic Director

Please refer to the Monomoy Regional High School’s Athletic Handbook appearing at the end of this Student-Parent Handbook for specific information. The Athletic Handbook also contains the athletic rules of conduct.

ENGLISH LANGUAGE LEARNERS

Monomoy’s English Language Learners program is designed to create an educational experience where students are taught strategies to help master English as quickly as possible, provide experiences where they can learn to develop appropriate academic and social skills and progress in content areas with achievement that is not impacted due to English proficiency. Our program integrates skills and concepts of the Monomoy curriculum in a way that fosters language learning that is meaningful and useful to students. The program responds to a variety of learning styles and incorporates cultural backgrounds and considerations of language levels.
The Guidance and Counseling Department at Monomoy Regional High School is a counseling and future planning resource for the school’s students, families, faculty and the school community as a whole. The Department values a continual process of professional growth and development. The department maintains an awareness of present middle school, high school and college curricula and requirements for college entry. The department keeps current in the field by learning about new techniques regarding adolescent and societal issues and concerns. The staff’s primary goal is to foster the development of each student by working on academic planning, future planning and personal issues and concerns through small group and individual meetings. Counselors are available to students and parents/guardians to discuss such issues and to assist students in making responsible decisions regarding their social and emotional development. Students and parents/guardians are encouraged to contact a Guidance Counselor or School Psychologist if they would like to discuss any issues of academic or personal concern.

**CRISIS PREVENTION/INTERVENTION**

The Monomoy Regional School District recognizes that from time to time circumstances may occur within the school community which constitute a crisis and require prompt and immediate action. A crisis is defined as a tragedy, disaster, or a dangerous situation occurring during or after school hours, which could profoundly impact students, staff and/or parents/guardians. Monomoy Regional High School has trained personnel available to attempt to prevent a crisis or to intervene when a crisis occurs. Support services are available from Guidance Counselors, School Psychologists, the School Nurse, and other trained faculty for dealing with any situation that could profoundly impact students, staff, and parents/guardians. Anyone may make a referral through the Guidance Office. In order to assist school staff in identifying and helping students who may be in crisis, all students are encouraged to report to a teacher, school nurse, guidance counselors, or the Principal/Assistant Principals any student behavior which may be troubling such as talk of depression, suicide, or any other strange behavior. All student reports will be held in strict confidence.

**ABUSE/NEGLECT POLICY**

The faculty and staff of the Monomoy Regional School District are mandated by law to promptly report any suspected case of child abuse or neglect. Under Massachusetts General Laws Chapter 119, Section 51A, a mandated reporter who has reasonable cause to believe that a child under the age of eighteen years is suffering physical or emotional injury resulting from abuse including sexual abuse, or from neglect, shall immediately report such condition to the Department of Children and Families (DCF). Mandated school reporters include teachers, educational administrators, psychologists, attendance officers, social workers, day care providers and health care professionals. Parents/guardians or other individuals may also report suspected abuse/neglect to the DCF through the At-Risk Hotline: 800-792-5200.

**504 ACCOMMODATION PLANS**

Section 504 is a federal statute that prohibits discrimination based upon a disability, among other provisions. A student may be considered disabled if s/he has a diagnosed emotional or physical impairment that substantially limits one or more of his or her major life activities. An Accommodation Plan may be designed for students who meet the criteria of a disabling impairment under Section 504. Guidance Counselors are responsible for constructing 504 Accommodation Plans. The Districtwide Section 504 Plan is available for review at the Office of the Director of Student Services.

**STUDENT RECORDS**

The Family Educational Rights and Privacy Act (FERPA) and the Massachusetts Student Records Regulations (“Regulations”) together provide parents/guardians and eligible students (those who have reached the age of 14 or who have entered ninth grade) certain rights with respect to the student’s education records. A general overview of those rights is provided below. Parents/guardians and students may obtain a complete copy of their rights under the Massachusetts Student Records Regulations by contacting the Principal.

**Definitions**

**The student record** shall consist of the transcript and the temporary record, including all information recording and computer tapes, microfilm, microfiche, or any other materials regardless of physical form or characteristics concerning a student that is organized on the basis of the student’s name or in a way that such student may be individually identified, and that is kept by the public schools of the Commonwealth. The term as used in 603 CMR 23.00 shall mean all such information and materials regardless of where they are located, except for the information and materials specifically exempted by 603 CMR 23.04.

**The temporary record** shall consist of all the information in the student record which is not contained in the transcript. This information clearly shall be of importance to the educational process. Such information may include standardized test results, class rank (when applicable), extracurricular activities, and evaluations by teachers, counselors, and other school staff.

**The transcript** shall contain administrative records that constitute the minimum data necessary to reflect the student's educational progress and to operate the educational system. These data shall be limited to the name, address, and phone number of the student; his/her birthdate; name, address, and phone number of the parent or guardian; course titles, grades (or the equivalent when grades are not applicable), course credit, grade level completed, and the year completed.
The **right to access** the student's education records. Parents/guardians or eligible students should submit their request for access to the Principal. Access is generally provided within ten days of a request. However, Massachusetts General Laws c. 71, §34H (“Section 34H”) provides specific procedures that must be followed prior to release of records to a parent who does not have physical custody of a child. These procedures include submitting a written request and other documentation to the principal on an annual basis. Information about these procedures can be obtained from the Principal.

The **right to request amendment** of the student record. Parents/guardians or eligible students should direct their request to the principal, clearly identifying the part of the record they wish to have amended, and why.

The **right to consent to disclosures** of personally identifiable information contained in the student record, except to the extent that FERPA and the Massachusetts regulations authorize disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests in the records. Such school officials include professional, administrative and clerical staff who are employed by or under agreement with the Monomoy Regional School District and who need access to a record in order to fulfill their duties. The Monomoy Regional School District also discloses student records without parent or guardian or eligible student consent to officials of other elementary or secondary schools in which a student enrolls, or seeks, intends, or is instructed to enroll upon receipt of a request from such school officials.

In addition, the Monomoy Regional School District has a practice of releasing directory information without consent, including to military recruiters in accordance with the mandates of the No Child Left Behind Act of 2001. Directory information consists of the following: the student’s name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of athletic teams, class, participation in recognized activities and sports, honors and awards, and post-high school plans. In the event a parent/guardian or eligible student objects to the release of any of the above information, the parent/guardian/eligible student may state that objection in writing to the Principal. Absent receipt of a written objection by **September 14, 2018**, the directory information will be released without further notice or consent.

The **right to file a complaint** concerning alleged failures by the District to comply with the regulations and laws governing student records. Complaints may be filed at the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148. In addition, complaints relative to federal statutes and regulations governing student records may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington DC.

**Non-custodial Parent/Guardian Access to Student Records**

The Student Record Regulations concerning access to records by non-custodial parents (a parent who does not have physical custody of a student) can be found at **603 CMR 23.07(5)**. A non-custodial parent may have access to the student record unless the school has been given documentation that:

1. the parent has been denied legal custody or has been ordered to supervised visitation, based on a threat to the safety of the student and the threat is specifically noted in the order pertaining to custody or supervised visitation, or
2. the parent has been denied visitation, or
3. the parent's access to the student has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the information contained in the student record, or
4. there is an order of a probate and family court judge which prohibits the distribution of student records to the parent.

**Maintenance and Destruction of School Records**

The student’s transcript shall be maintained by the school department and may only be destroyed 60 years following his/her graduation, transfer, or withdrawal from the school system. The student’s temporary record shall be destroyed no later than seven years after the student transfers, graduates, or withdraws from the school system. If a parent wishes to collect the temporary record or any part thereof, he/she must do so within the timeframe.
RELEASE OF NAMES TO THE MEDIA

Periodically throughout the year, the names of athletes, students making the honor roll, graduating, etc. are released to the news media. If any parent/guardian objects to having his/her student’s name given out to the media, this needs to be indicated on the Student and Parent Handbook Sign-Off Form which is completed and return to the high school Main Office at the beginning of the school year.

VISITORS/GUESTS

Requests to bring a student guest/visitor must be made at the Guidance Office at least three days in advance. A parent or guardian must sanction the visit. Visits are approved for one day only. A student visitor/guest request form is available in the Guidance Office. Students under the 8th grade level or older than high school age will not be allowed to visit school.

GPA AND CLASS RANK

Monomoy Regional High School is committed to developing and maintaining an assessment and reporting system that establishes universally high standards and supports and recognizes academic achievement and excellence. At the same time, Monomoy Regional High School is also committed to establishing and maintaining an equitable grading system that neither falsely rewards nor hinders any student by virtue of the courses they might take during their high school career.

Weighted Class Rank

All honors courses will receive a weight of 1.1. AP courses will receive a weight of 1.2. Many colleges and universities will select specific courses to ascertain their own institutional GPA. Students are encouraged to check with their counselor with regard to individual college or university GPA systems.

VALEDICTORIAN AND SALUTATORIAN

Valedictorian (ranked 1st in class) and Salutatorian (ranked 2nd in class) will be determined at the end of the final marking period of grade 12. In the case of a tie for Valedictorian, MRHS will calculate the GPA up to three decimal points to determine ranking. If the tie still remains, Co-Valedictorians will be named.

Transfer students must attend Monomoy Regional High School for both semesters of their junior and senior years to qualify for Valedictorian or Salutatorian status. Any transfer student who has not met the above criterion will receive an equivalent rank for college application purposes. He or she will be ineligible for Valedictorian or Salutatorian.

HONOR ROLL REQUIREMENTS

High Honors – Grades of 90 or higher in all subjects  
Honors – Grades of 80 or higher in all subjects

COURSE WITHDRAWAL GUIDELINES

Students who wish to drop a course must do so within the first two (2) weeks of that course. After this period, students must submit an Add/Drop form for formal approval. If the change involves dropping a level in the course, e.g. honors to college prep, the grade will be passed along to the next teacher to be melded with the grades in the new course. This combined grade in the new course will affect a student’s eligibility for playing sports and participating in other extracurricular activities.
INCOMPLETES

Incomplete grades may be issued due to unforeseen extended absences. The need for incomplete grades will be assessed on a case-by-case basis in consultation with school counselors and teachers. Grades of Incomplete must be made up according to an approved timeline. All grades of Incomplete must receive preapproval by the Director of Guidance.

TUTORING

Pursuant to 603 CMR 28.03(3)(c): “Upon receipt of a physician’s written order verifying that [a student] must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal shall arrange for provision of educational services in the home or hospital.” In those circumstances, please contact the Office of the Director of Student Services to coordinate tutoring. If a student is absent for fewer than 14 school days or otherwise does not qualify for tutoring under 603 CMR 28.03(3)(c), the student/parent/guardian may email individual teachers and/or check the teachers’ websites in order to find out about assignments/work missed and/or due.

SUMMER SCHOOL

In order to receive Monomoy Regional High School credit, Summer School courses taken must match those courses taken and failed at Monomoy Regional High School. Permission from the student’s Monomoy Regional High School Guidance Counselor must be obtained prior to admittance. Summer courses required for Monomoy Regional High School graduation credit must receive preapproval prior to registration.

RETURN TO SCHOOL FOLLOWING CERTAIN CIRCUMSTANCES

Prior to a student’s return to school from incarceration, medical or behavioral facilities, a re-entry meeting will be requested to discuss re-entry and facilitate a successful transition back to school. A discharge summary will be requested indicating the student is medically able and safe to return to school.

NATIONAL HONOR SOCIETY

The National Honor Society is an organization that recognizes and encourages academic achievement while also developing the ideals of character, service, and leadership. The Monomoy Regional High School Chapter of the National Honor Society considers membership to students at the end of their sophomore and/or junior year. The Chapter’s academic requirement is a cumulative scholastic GPA of 3.7 (90%). Averages are taken after the third marking period of the sophomore year and/or junior year. Candidates must have spent at least one semester (18 weeks) at MRHS, and must be a member of the sophomore or junior class. Students who qualify academically are invited to complete a student activity form providing proof of character, service, and leadership.

Selection is not automatic and is not considered on the basis of grades alone. The student must positively reflect the three other criteria; Character, Service, and Leadership. Selection is determined by a majority vote of the Chapter’s Faculty Council, appointed by the Advisor in conjunction with the principal. The chapter advisor serves as an ex-officio, non-voting member of the council. An appeals process is contained within the chapter by-laws for any student who was not selected for membership.

Membership in the National Honor Society is both an honor and a commitment. Members should understand fully that they are liable for probation, suspension, or dismissal from the society if they do not maintain the standards of scholarship, leadership, service, and character that were used for the basis of their selection. Once selected, members have the responsibility to demonstrate the qualities of scholarship, leadership, service, and character, not only during the school day, but at all times, including vacation periods. Those who fall below these standards can face disciplinary action. Depending on the violation and its severity, the action can be in the form of a warning, written by the faculty advisor, or may involve an appearance before the faculty committee. The faculty committee will determine actions that may result in probation, suspension, or dismissal from the society. Members who resign or are dismissed are never again eligible for membership. If the member’s grade falls below the GPA required for membership, the member will have one quarter to correct the deficiency. In addition, members are required to attend all meetings if possible. In a
case when a member cannot make a meeting, he/she is to notify the chapter advisor as to the reason. A member with more than two unexcused meeting absences will receive a warning letter.

Copies of the National Honor Society Constitution and Chapter by-laws are available on the high school website. A hard copy for on-site review will be maintained in the Guidance Office.

<tr>
<th>HEALTH FACILITIES</th>
</tr>
</thead>
</table>

While parents have the primary responsibility for their children’s health, the school is also responsible for the safety and well-being of students while they are in the school setting. School health services are located in room A122 and are available every day that school is in session. An individual health record is maintained for each student and kept on file until graduation. Students must meet MDPH immunization requirements to enter and remain in school and provide proof of a physical exam (required during grade 10 and when transferring into MRHS) for their file. All graduating seniors will be given their student medical record at graduation rehearsal.

School nurses assess students and refer any serious injury or illness to the parent /guardian when necessary. School nurses assist students to remain in school through health teaching and interventions. **Students must have a pass from a staff member in order to go to the health office except in emergency situations**. A log is kept of all students reporting for medical attention.

Health History Forms are kept on file in the health office. It is requested that parents provide or update their child’s medical information to the school annually. The school nurse should be notified if there are changes in medical status throughout the school year.

School nurse dismissals are based on a nursing assessment that a student is medically unable to remain in school. Students who arrange dismissal with their parent/guardian prior to a nurse assessment will not be dismissed through the Health Office.

**Any student who is dismissed from school with an illness shall not be permitted to participate in Monomoy Regional High School after school activities on that day. Any student who is dismissed (or dismisses/returns) for other “non-excused” purposes shall not be permitted to participate in Monomoy Regional High School’s after school activities on that day unless administrative approval is granted. Any student with an unexcused absence from school may not participate in Monomoy Regional High School’s after school activities on that day.**

Students who may need to be excused from a period or portion of physical education activity must report to the nurse before the beginning of the class for an assessment. The student must provide a PCP (Primary Care Provider) written statement in order to be excused for a period extending beyond one week. Students requiring elevator use due to medical conditions should make arrangements with the school nurse.

**STATE MANDATED SCREENINGS**

All students will receive the following health screenings unless written parental exemption is on file. The school nurse will send notification to the parent/guardian if the screening result requires further medical evaluation.

- Postural: Grades 8 & 9
- Vision, Hearing, Body Mass Index (BMI): Grade 10
- Screening, Brief Intervention and Referral to Treatment (SBIRT): Grade 9

**MEDICATION AT SCHOOL**

No medication of any type is allowed at school unless the appropriate documentation is on file with the Health Office (this includes prescription and/or over-the-counter medications, nutritional/dietary aides and supplements). Medication should be taken at home whenever possible. The school nurse cannot dispense ANY medication without a physician’s written order and parent/guardian consent. All medication, both prescription and over-the-counter, must be brought to school in the original container clearly labeled with the student’s name, name of medication, dosage and time of administration. No more than a thirty day supply can be accepted by the school nurse. A parent/guardian or other responsible designated adult, must deliver medications to the school nurse. The first initial dose of a medication cannot be given at school.
Students are not to carry ANY form of medication unless authorized by the school nurse. Unless otherwise approved, the school nurse shall be responsible for the management and distribution of all medications to students in accordance with the regulations of 105 CMR 210.00 and MGL Chapter 94. Exceptions would include the possession of and self-administration of any prescribed medications for the following:

1. Asthma or other respiratory diseases
2. Students with medical conditions requiring enzyme supplements
3. Students with diabetes may possess and administer glucose monitoring tests and insulin delivery systems
4. Students with life threatening allergies may possess and administer epinephrine

**FOOD ALLERGIES**

Monomoy Regional High School is not a “nut-free” school. Monomoy Regional High School makes specific accommodations to protect students with life-threatening food allergies including the designation of “nut-free” tables in the cafeteria.

It is recommended that students with life-threatening allergies have an “Allergy Action Plan” formulated in consultation with their MD, the School nurse and parents/guardians. Allergic students are to keep a dose of their prescribed epinephrine at school and are allowed to carry their own dosage with proper documentation on file. Tables are designated in the cafeteria for students in need of specific accommodations.

**INSURANCE**

School insurance forms are available in the fall. Both school time coverage and full time coverage policies are available. Athletes must carry insurance.

<th>CAFETERIA PROCEDURES</th>

Breakfast at all Monomoy schools costs $1.50, with a reduced price of $.30 to qualifying families. Lunch at the High School costs $3.00, with a reduced price of $.40 for qualifying families. Free and reduced meal program applications are available in the Main Office year round.

During Jawsome Hour lunch, students may choose to eat their lunches in various locations throughout the school that are not carpeted. Trays are to be returned to the cafeteria, and all trash is to be deposited in the trash barrels. Food and drink are not to be carried/consumed in the hallways or classrooms other than during Jawsome Hour. However, at individual teacher discretion, coffee/beverages only are permitted at the start of the school day and through the conclusion of first block. Water bottles are permitted at all times in all locations. Appropriate behavior and language is expected at all times. And remember, DO NOT THROW FOOD: the result will be discipline, up to and including suspension from school.

**MRHS DOES NOT permit food deliveries to the school from area vendors/ restaurants for student meals. Food deliveries violating this policy will be refused and monetary accountability will be between student and the provider.**

The Library Media Center provides a wide variety of books, eBooks, audio books, periodicals, and databases for student use to complete school assignments as well as for pursuit of personal interests. Books circulate for two weeks and may be renewed once. Students who have overdue materials may not check out additional library materials until outstanding materials are returned. Students are responsible for the materials that they check out; therefore, if an item is lost or damaged the student who checked it out must make arrangements to pay for its replacement.
The Library Media Center is open from 7:30 AM Mondays through Thursdays. Hours will be revised based on Faculty Meetings and early release Wednesdays. Please check the Library Media Center website for updates to this schedule. **Food and drink are not permitted in the Library Media Center.**

| COMPUTER, NETWORK AND ONLINE COMMUNICATIONS ACCEPTABLE USE POLICY |

The use of computers, network and online communications equipment by students and staff is for educational purposes. The use of such equipment, software and peripherals at school is a privilege and not a right. All students and staff are expected to use Internet resources for appropriate and legitimate educational objectives. It is expected that no one will use the Internet in any inappropriate ways: to engage in cyberbullying, to solicit or conduct illegal activities, to view pornographic or sexual materials, to access unauthorized social networking sites or to use online communication applications in any improper manner. Students may only use computers and online communications equipment under the direction of an approved "Supervisor". Students, staff and volunteers utilizing Monomoy Regional High School’s computers, network and online communications equipment must be oriented or trained in the proper use of equipment and sign an Acceptable Use Contract.

**COMPUTER POLICY**

**STATEMENT OF PURPOSE**

To protect the integrity of all school-owned computing devices, applications and network systems against unauthorized or improper use, administration reserves the right to limit or restrict usage, inspect, remove or otherwise alter any data or file which may prove damaging to the system without notice to the user. The school disclaims responsibility for the loss of data resulting from its efforts to maintain privacy and security of the school’s computing devices, applications and network systems.

All users are required to comply with the school Computer Policy, which defines the conditions of use. It is further stated that the school reserves the right to amend this policy at any time with proper notice. All students are advised that:

- Giving false or misleading information for the purpose of obtaining access to computing resources is prohibited.
- Users must never attempt to decode or discover passwords that belong to teachers, administrators or other students. Additionally, it is prohibited to possess programs that could be used to access information held to be considered private by others.
- It is prohibited to use the computing resources to engage in such activities that could be deemed intimidating, threatening or hostile. Engaging in abusive or harassing behavior, verbal or physical, which demeans, intimidates, threatens or injures another user or users because of his or her personal characteristics or beliefs is considered cyberbullying and will result in the strictest of actions as allowed under School policy or such legal avenues as are available.
- It is prohibited to possess data or media which contain obscene, indecent, lewd or lascivious material. It is further prohibited to possess data or files which contain profane language or any forms of discrimination. Accessing unauthorized social networking sites is prohibited.
- Creating, modifying, tampering with any computer program or system file is strictly prohibited.
- It is prohibited to install any software on school system computers without the permission of the instructor or faculty member responsible for the computers being used. It is prohibited to use school computer facilities without authorization from a teacher or an administrator or for the running of any programs except as expressly assigned by an instructor or administrator.
- It is strictly prohibited to damage in any way computer hardware or software (keyboards, monitors, CPU’s, mice, printers or operating systems).
It is illegal to make unauthorized copies of Licensed Software, or to engage in such other activities as are strictly prohibited in the Federal Copyright statute (17 USCA sec 101 et seq) which states that “copyright is a constitutionally conceived right which is designed to promote progress of science and the useful arts by securing for an author the benefits of his/her original work for a limited time”. Violation of this policy will result in disciplinary action which may involve long-term exclusion from school, loss of computer privileges and criminal prosecution as the situation warrants. This policy is subject to change during the school year.

### HOMEWORK POLICY

Homework is designed to have a positive impact on student learning and is defined as the assigned learning activities that students work on outside of the classroom. The purpose of homework is to provide students an opportunity to practice, reinforce, and apply previously taught skills and acquired knowledge and prepare for future lessons, and is directly tied to classroom instruction. Assignments will have a clear purpose and be designed for completion within a reasonable time frame. Completing homework is the responsibility of the student. Parents/guardians can play a supportive role through monitoring, encouraging students’ efforts and providing a conducive learning environment.

Therefore, Monomoy Regional High School believes that homework serves the following purposes:

- To practice and reinforce skills
- To support the curriculum
- To prepare for class

And that homework assignments will be:

- **Specific**: clear stated objective that is tied to the learning goal, answering the question “why this assignment?”
- **Measurable**: Criteria based (ex: rubric, checklist, etc.) assessable by teacher/student/study group with informative feedback
- **Accessible**: Differentiated
- **Relevant**: Meaningful assignment
- **Timely**: Immediate feedback

While homework policies differ slightly by academic department, homework will count for no more than 20% of a student’s total grade.

### GRADING GUIDELINES

Students will have access to individual teachers’ Grading Policies. Students are responsible for understanding and following those policies. Homework will not exceed 20% of a student’s total grade. Students are expected to track their own progress, missing assignments, etc., on a regular basis.

### SEX EDUCATION

Chapter 71, Section 32A. **Parents/guardians may exempt** their children from any portion of a course curriculum dealing with human sexual education or issues by written notification to the Principal. Parents/guardians have a right to inspect and review program instruction materials.

### TESTS

All students absent from school must make up their tests and quizzes. The teacher will designate a deadline to the student. Under normal circumstances, this deadline will be two weeks from the time the student returns to school from the absence. However, in the case where the absence is due to a suspension, the test must be made up when the student returns to school. If the test or quiz is not made up before the deadline, a grade of zero will be given for that test or quiz.
FIRE DRILL REGULATIONS

Under the direction of their teacher, students are to leave the building as quickly as possible following the exit plan posted in each room. Unless otherwise instructed, students are to stay with their teacher/class at all times throughout fire/emergency drills and situations.

SCHOOL ACTIVITIES AND FIELD TRIPS

All school rules and policies apply to all school activities and field trips. These include smoking, drug and alcohol policies. Students are expected to take school-provided transportation to and from the field trip site unless other plans have been approved in advance by administration.

LOCKERS

It is expected that no student will be late to class as a result of going to a locker. Students are responsible for the contents of their lockers. It is the student's responsibility to secure his/her locker at all times. Lockers and locker combinations are not to be shared.

Lockers are provided by and owned by the school, are not to be decorated on the outside and may be opened and checked by the administration at any time. There should be no expectation of privacy in the use of Monomoy Regional High School lockers. Items or materials which are illegal or against school rules are not to be stored in a locker. Lockers will be searched whenever necessary. Monomoy Regional High School has an agreement with the police departments to have police dogs check lockers, the entire school, and parking lots for drugs on a random basis under the supervision of school administration.

PARKING OF STUDENT VEHICLES

All vehicles must be properly registered with the Registry of Motor Vehicles and with the High School Office. All student vehicles must be parked in designated parking spots. Students violating safety procedures may have their parking privileges rescinded. Vehicles are not to go across or to be ridden on school athletic fields or property other than the blacktop roadways. The police will be contacted when violations occur. The Monomoy Regional High School has an agreement with the police departments to have police dogs check the grounds, vehicles and parking lot for drugs on a random basis under the supervision of high school administration. Additionally, any vehicle entering the school area is subject to human search at the direction of school authorities. Searches may be conducted without search warrants for any reasonable purpose. Search of the vehicle includes all compartments and components thereof. Once notified of intent to search, the person in control of the vehicle will not be permitted to remove it from the premises until the search is completed.

Students are to stay out of and off all vehicles in the parking lot during the school day. The school is not responsible for students’ vehicles or contents, therefore, vehicles should be locked at all times.

Student driving and parking privileges will be revoked for designated periods of time for any of the following reasons: poor driving habits, misuse of vehicle, safety concerns, in or on vehicle during school day, parked in the wrong area or improperly parked, excessive tardiness to school, leaving school grounds during the school day, breaking any school rule in the student parking lot.

PASSES

Students are to be issued passes when they are sent to the Nurse’s Office (Health Facilities), Main Office, Guidance and Library. Students returning to class from these locations will be issued passes for admittance back into class. Teachers, at their discretion, will not honor a student’s request to leave the classroom if such student is chronically late to class and/or in the hallway during class time without teacher permission.
Monomoy Regional High School recognizes the importance of attendance for the successful academic development of its students. Studies have shown that academic success highly correlates with regular attendance. Students who are chronically absent or tardy are more likely to drop out before graduating than those who attend school regularly. A student, 16 years of age and older, who accumulates 15 consecutive days of non-attendance will be removed from the Monomoy Regional High School enrollment register per Massachusetts General Laws, Chapter 76, Section 18.

A student arriving at school after, or dismissing before, 12:00 PM will not receive overall attendance credit for the day, unless it is deemed to be an excused absence according to this handbook. A student without an excused absence will not be permitted to participate in any school-sponsored events (clubs, social, athletic, the Arts or extracurricular activities) during the period of such absence.

* Parents/guardians are encouraged to regularly check ASPEN via the Parent Portal to view and monitor their child’s attendance record/pattern.

**ABSENCES**

If a student will be absent from a regular school day, a parent or guardian needs to inform the school to indicate the reason for the absence. If notification is not received to report the absence, an automated notification (automated phone call and/or email) will be generated notifying the parent or guardian of the absence.

Absences are not considered excused unless a document from a professional is received confirming the absence was necessary and sanctioned by the professional. Professionals mainly include doctors, medical facilities, legal, dentists, psychotherapists, chiropractors, orthodontists, etc. Notes received more than a week after the absence may not be considered.

**MULTIPLE DAYS OF ABSENCE KNOWN IN ADVANCE**

The student must present a note from a parent to an Assistant Principal indicating the dates and reason for the projected absence. The Assistant Principal will sign the note and determine whether the absences will be categorized as excused. The student can then bring the note to his/her teachers to receive assignments.

**EXCUSED ABSENCES**

All non-attendance at school is considered an absence. Absences move to the excused category if:

- Parental notes indicate a death in the family or religious observance.
- Professional (not parental) notes supporting absences due to illness or appointments are submitted. Professional notes (doctor, court, etc.) should be presented as the absence occurs. Professional notes will not be accepted beyond 5 school days of the absence.
- Absences are school-sponsored (field trips, athletic dismissals, etc.).
- College visits (maximum of 3 days) are supported by professional notes from the college.

**EXCESSIVE ABSENCE WARNINGS**

Excessive absences will be reported to parents in the following ways:

- Report cards/Interim Report notations
- Letters, emails and/or calls from teachers/administration at critical stages
- Attendance meetings with parent and student

**FLAGRANT ABSENTEEISM**

In flagrant absentee cases involving students under age sixteen, the school may file a CRA petition with the court or initiate 51A (abuse, neglect) proceedings. The intervention process may be waived in cases of obvious extended illness or other verifiable hardship.
LOSS OF CREDIT DUE TO ABSENTEEISM

MONOMOY REGIONAL HIGH SCHOOL RESERVES THE RIGHT TO DENY CREDIT TO A STUDENT IN GRADES 9–12 WHO EXCEEDS EIGHTEEN (18) DAYS OF UNEXCUSED ABSENCE FROM SCHOOL.

Students in 8th grade with excessive absences will be involved in the interventions listed above under Excessive Absence Warnings and Flagrant Absenteeism. Eighth graders may be subject to loss of credit earning potential with regard to World Language.

LOSS OF CREDIT/APPEALS

Any student losing credit for excessive absence will have the right of appeal. An appeal board consisting of the principal or an Assistant Principal, a guidance counselor, a department head, and two teachers will hear student appeals. An appeal board decision in favor of the student does not assure passing grades. Application for an appeal hearing must be filed within ten days of the receipt of the loss of credit notice. If there is a properly documented, extended illness that exceeds the limits for loss of credit, the appeal board will waive the need for a hearing and credit will not be denied because of such absence.

DISMISSALS

If for any reason a student needs to be dismissed prior to the end of the school day, arrangements need to be made PRIOR to the dismissal. Students who require early dismissal must present to the office a WRITTEN REQUEST signed by their parent or guardian. Notes are due before 10:30 AM on the dismissal day, or earlier.

Forms of acceptable written request include:

- A note written and signed by parent or guardian including the date and time of dismissal.
- An email from the parent or guardian to the school (jferro@monomoy.edu). The parent or guardian will receive a reply email to confirm the emailed dismissal request was received.
- A fax from a parent or guardian (508)430-7223.

It is understood that unforeseen situations and emergencies arise. These circumstances will be handled on a case by case basis. All students MUST be dismissed from the Main Office to sign out. For safety reasons, MRHS will not dismiss a student to anyone other than a parent or a specifically authorized adult unless written permission is received from the parent in advance. Students being dismissed early will remain in their scheduled class until their ride is in the office to sign them out. Students with authorized early dismissal notification who drive themselves, must obtain a pass to leave class at the designated dismissal time. Passes are obtained in the main office.

TARDINESS

Students are expected to be on time for school and classes.

Students who are tardy to school must report to the Main Office to sign in on the tardy sheet, and receive a pass to class. A student MUST bring a parental note when tardy to school stating the reason for the tardy.

EXCUSED TARDY:

When a written note is received from a parent or guardian stating one of the following is the reason for tardiness, the tardy will be recorded as excused:

- Student had a legal, medical, psychological, physical, or dental appointment.
- Student not feeling well
- 504 or IEP diagnosis and accommodation is on file at MRHS and is specifically documented and addresses tardiness.

If such tardies become excessive, then “professional” notes will be required in order to excuse the tardy.
UNEXCUSED TARDY:
Tardy arrival to school attributed to the following, but not limited to, are unexcused, regardless of a note from home: sleeping in, alarm issues, missing the bus, arriving late by means of one’s own transportation, traffic, construction, etc. Parents are notified when unexcused tardies accumulate excessively.

Tardy Policy Per Semester
Policy resets to zero at the start of the second semester (January 28, 2019)

- Fifth Unexcused Tardy = Saturday School
- Tenth Unexcused Tardy = Saturday School
- Fifteenth Unexcused Tardy = Saturday School

Possible consequences for fifteen or more tardies per semester
Loss of social privileges (dances, etc.) and extracurricular eligibility for the remainder of the quarter.
Extracurricular activities include but are not limited to: athletics, theater, clubs, dances, etc.

DISCIPLINE CODE/ CONDUCT EXPECTATIONS

Monomoy Regional High School prides itself on maintaining an atmosphere in which all members of the community are treated with respect and thoughtful, civil behavior is the norm. The purpose of the Discipline Code is to maintain this atmosphere and to promote self-discipline and an ability to behave and dress appropriately and responsibly in school. Proper school and classroom conduct, in which considerate and caring behavior towards others is expected and modeled, supports this discipline code in a positive way. Whether in school, or at a school sponsored event, students are always expected and required to give names when asked by a faculty or staff member. School personnel are committed to ensuring compliance with this code in a fair, consistent, and judicious manner. The school’s corrective reactions, which follow, are a “guide” for school administration and may be modified or changed due to individual circumstances. Students who are sent to the Main Office for disciplinary reasons and/or “time-outs” are to refrain from use of cell phones and earbuds/headphones. Cell phones will be collected and returned to the student upon his/her departure from the Main Office. Chromebook use in the Main Office is permitted for educational purposes only.

Additionally, Monomoy Regional School District has a strong, consistent and cooperative partnership with both Chatham and Harwich Police Departments, which is officially documented via a Memorandum of Understanding (MOU). The goal of this partnership is the preservation of safety, order and discipline within the schools. The MOU may be reviewed online at the District homepage.

SATURDAY SCHOOL
In an effort to minimize lost class time due to out-of-school suspensions, Saturday School is utilized:

When: Held once or twice a month from 8:00 AM until 12:00 PM.
Where: Monomoy Regional High School (area to be determined).
Why: Saturday School may be assigned for: excessive unexcused tardiness to school, multiple cuts of detention and/or class, leaving campus without permission, truancy, smoking, and other non-violent or non-disrespectful actions deemed applicable by administration. Saturday School may be used to earn back a minimal number of days of unexcused absences (student must have a prior and specific arrangement with the Principal or an Assistant Principal).
Major violations of the disciplinary code will not qualify for Saturday School.

Staffing: One teacher will be present.
Rules: Students are expected to attend with school work/reading, which is to be done quietly. All school rules apply. Students who fail to report to Saturday School or who are dismissed from a Saturday School session due to misbehavior or non-compliance will be subject to additional discipline, up to and including suspension.
PUBLIC DISPLAYS OF AFFECTION

Excessive public displays of affection are inappropriate within a school setting. Students in violation of this premise will receive a verbal warning to stop such behavior. If the behavior continues, disciplinary consequences will follow.

DRESS CODE

Students are to dress in a manner which is conducive to good health and safety and not detrimental or disruptive to the classroom atmosphere and/or the educational process. Objects which could potentially cause injury are not allowed. The following are not allowed: clothing or jewelry depicting or promoting drug, alcohol or tobacco use; sexually offensive or explicit items/remarks; exposed and/or lack of underwear, short skirts, and shorts. Racially or ethnically insensitive items/remarks; violent themes; harassing terms or illustrations or any other material that can be deemed offensive or derogatory is not allowed. Pajamas and slippers are not allowed.

All hats and hoods, visors, face paint, full head coverings (i.e. bandanas) sunglasses, etc., are not to be worn during the school day and are to be removed upon entering the building. Headbands and head coverings worn for religious purposes are permissible. “Do-rags”, nylon stocking headgear, bandanas folded as headbands, as well as any other clothing or accessories related to “gang” affiliation or symbolism is prohibited. Footwear must be worn to abide with State health regulations. Outer wear is to be removed when requested. This dress code applies to all Athletes even on game days.

Students who fail to comply with appropriate dress regulations as determined by the administration and/or guidance counselors may be sent home.

DRUGS & ALCOHOL

If a violation of the drug/alcohol policy occurs, the following process will be followed:

1. Teacher notifies administrator.
2. Administrator calls parents.
3. School nurse (if available) examines student to determine the physical condition of the student.
4. If the student seems physically impaired, i.e. may be drunk or "high" on drugs, the student is sent home under parental supervision. Disciplinary consequences will be issued.
5. If drugs and/or paraphernalia (including vaping pens, pods) are found, they are turned over to the police by the administrator. Disciplinary consequences will be issued.
6. For drug offenses a suspension/expulsion hearing is scheduled as soon as possible. A treatment plan in which the student and parents agree to participate should be discussed as well as the discipline procedure.

Lockers are the property of Monomoy Regional High School and are subject to periodic inspection by administration. They will also be opened at any time for health, safety, and compliance with school rules by students who are in question. As a result of our agreement with the police departments and under the supervision of school administration, the entire school, including lockers, classrooms, book bags and vehicles will be subject to random police search using dogs.

In addition to the random search policy, a search of a student's person or student's personal property (gym bag, handbag, vehicle, etc.) will be made if there are reasonable grounds for suspecting that the student has violated or is violating either the law or the rules and regulations of the Monomoy Regional Public Schools.

Anyone found in possession of drugs or selling drugs or counterfeit drugs will face discipline, up to and including expulsion from school and potential criminal prosecution. This rule applies to all school-sponsored activities including school bus transportation.

Parents must notify the school nurse whenever a student is taking medication which might affect the student’s school performance. Non-alcoholic beer and similar drinks and drug-related paraphernalia (including vaping pens, pods) are not allowed in school and are subject to penalty.
MONOMOY REGIONAL HIGH SCHOOL PROCEDURE AND RESPONSE TO DRUG AND ALCOHOL ABUSE BY STUDENTS

NO PERSON SHALL POSSESS, USE, TRANSMIT OR SELL DRUGS OR ALCOHOL ON SCHOOL PREMISES, INCLUDING SCHOOL BUSES, AT ANY TIME. DRUG PARAPHERNALIA (INCLUDING VAPING PENS, PODS) AND COUNTERFEIT DRUGS ARE PROHIBITED.

Below is a guide to Monomoy Regional High School’s response to drug and alcohol abuse by students. This procedure may be altered based on the circumstances. The discipline identified below refers to a student’s first offense. Repeated offenses may subject a student to greater discipline.

SMOKING/SMOKELESS TOBACCO

The use of any tobacco products, clove products as well as e-cigarettes, vaping pens and/or pods, is prohibited within the school buildings, facilities and school grounds and on school buses and during field trips and school-sponsored events. If discovered, these items will be confiscated. Students will be subject to “restricted bathroom privileges” if violations occur in school bathrooms.

A student who violates the rules on smoking will be subject to discipline, including Saturday School(s) as a consequence. The number of Saturday Schools would be progressively assigned to match the number of smoking violations the student has had. Smoking of vaping pens/products will be treated as drug-related offenses.

POLICY ON DISCIPLINING STUDENTS WITH SPECIAL NEEDS

Federal and state special education laws govern the disciplining of students with disabilities eligible for special education and the regulations promulgated there under. These laws include the Individuals with Disabilities Education
Students with disabilities who violate school rules are subject to removal from their current educational placement for up to ten (10) school days per year, to the extent that such a removal would be applied to students without disabilities, without prior determination as to whether the misconduct is related to the student’s disability.

School personnel may order a change in educational placement of a child with a disability to an appropriate Interim Alternative Education Setting (IAES) that provides the student with a free appropriate public education for the same amount of time that a child without a disability would be subject to discipline, but for not more than forty-five (45) calendar days if the student:

- Carries or possesses a weapon to or at school, on school premises, or to or at a school function;
- Knowingly possesses or uses illegal drugs at school, a school function, or school sponsored event; or
- Sells or solicits the sale of a controlled substance while at school, a school function, or school sponsored event.

Anytime school personnel seek to remove a student from his or her current educational placement for more than ten (10) school days in any school year, this constitutes a “change of placement.” A change of placement invokes certain procedural protections under IDEA, the federal special education law and Section 504. These include, but are not limited to:

- If the school did not conduct a functional behavioral assessment and implement a behavioral intervention plan for such student before the behavior that resulted in the discipline, the school shall convene an IEP meeting to develop an assessment plan to address the behavior; or if the child already has a behavioral intervention plan, the IEP Team shall review the plan and modify it, as necessary, to address the behavior.
- A review by the IEP Team of the relationship between the child’s disability and the behavior subject to the disciplinary action, which is often referred to as the Manifestation Determination.

School personnel may also seek an order from the Department of Education Bureau of Special Education Appeals (BSEA) placing a student in an IAES for up to forty-five (45) calendar days. Parent/guardians and/or students, where appropriate, may request a hearing at the Bureau of Special Education Appeals regarding a disciplinary action described above to challenge the interim alternative educational setting or the manifestation determination. PHYSICAL RESTRAINT OVERVIEW

In order to insure that Monomoy Regional School District provides a safe environment for both students and staff, it is obligated to notify all parents and legal guardians that it is in compliance of 603 CMR 46.00 on Physical Restraint which has been in effect since April 2, 2001, in this notification. In order to protect student(s) or school personnel from imminent, serious, physical harm school personnel may have to physically restrain a child. Physical restraint would not be used as a method to punish students or as a response to property destruction, disruption of school order or verbal threats. Please be aware that physical restraint is a method of last resort.

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the Monomoy Regional School District. Further, students of the District are protected by law from the unreasonable use of physical restraint. The district has a school committee policy which complies with state law and regulations. Physical restraint shall be used only in emergency situations after other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. A person performing physical restraint shall discontinue such restraint as soon as reasonably possible. School personnel shall use physical restraint with two goals in mind:

1. To administer a physical restraint only when needed to protect a student and/or a member of the school community from immediate, serious, physical harm; and
2. To prevent or minimize any harm to the student as a result of the use of physical restraint.
The following definitions appear at 603CMR 46.02:

**Extended restraint**: A physical restraint the duration of which is more than twenty (20) minutes. Extended restraints increase the risk of injury and, therefore, require additional written documentation as described in 603 CMR 46.06.

**Physical escort**: Touching or holding a student without the use of force for the purpose of directing the student.

**Physical restraint**: The use of bodily force to limit a student's freedom of movement.

**Restraint - Other**: Limiting the physical freedom of an individual student by mechanical means or seclusion in a limited space or location, or temporarily controlling the behavior of a student by chemical means. The use of chemical or mechanical restraint is prohibited unless explicitly authorized by a physician and approved in writing by the parent or guardian. The use of seclusion restraint is prohibited in public education programs.

(a) **Mechanical Restraint**: The use of a physical device to restrict the movement of a student or the movement or normal function of a portion of his or her body. A protective or stabilizing device ordered by a physician shall not be considered mechanical restraint.

(b) **Seclusion Restraint**: Physically confining a student alone in a room or limited space without access to school staff. The use of "time out" procedures during which a staff member remains accessible to the student shall not be considered "seclusion restraint."

(c) **Chemical restraint**: The administration of medication for the purpose of restraint.

The use of mechanical, seclusion or chemical restraint is prohibited unless explicitly authorized by a physician and approved in writing by the parent/guardian. The use of seclusion restraint is prohibited in public education programs. Each building Principal has identified staff members to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. These staff members have participated in an in-depth training program in the use of physical restraint.

Only school personnel who have received training pursuant to 603CMR 46.00 may administer physical restraint on students. Whenever possible the administration of physical restraint shall be administered in the presence of at least one adult who does not participate in the restraint. A person administering physical restraint shall only use the amount of force necessary to protect the student or others from injury or harm.

In addition, each staff member is trained regarding the school’s physical restraint policy. The Principal will arrange training to occur in the first month of each school year, or for staff hired after the beginning of the school year, within a month of their employment.

Physical restraint is prohibited as a means of discipline, or as a response to destruction of property, disruption of school order, a student’s refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

A member of the School Committee or any teacher or any employees or agent of the School Committee shall not be precluded from using such reasonable force as is necessary to protect pupils, other persons or themselves from an assault by a pupil.

The program staff shall report the use of physical restraint. Reporting of incidences shall meet with local policy and Department of Elementary and Secondary Education laws and regulations.

In special circumstances waivers may be sought from parents either through the Individual Education Plan (IEP) process or from parents of students who present a high risk of frequent, dangerous behavior that may frequent the use of restraint.

**SUSPENSION/EXPULSION POLICY**

It is the policy of the Monomoy Regional School District to follow all applicable laws concerning discipline and to provide students facing discipline with their rights to due process pursuant to all applicable laws and regulations, including but not limited to Mass. General Laws, chapter 71, §§ 37H, 37H½, and 37H¾ and 603 CMR 53.00.
The School District does not have any so-called “zero tolerance” disciplinary policies or any required or automatic discipline for any specific conduct. Any discipline imposed will be at the discretion of the administrator responsible for making the decision, typically the principal or his/her designee. That decision-maker will consider all relevant facts, including but not limited to previous related offenses and mitigating circumstance, and these disciplinary rules will be applied equitably.

As set forth in Mass. General Laws, chapter 71, §§ 37H, 37H½, and 37H¾, students who are suspended or expelled from school shall have the right to continue to earn credits, as applicable, and make up assignments, tests, papers, and other school work as needed to make academic progress during their removal from school. Any students suspended or expelled for more than 10 days shall have an opportunity to receive educational services and make academic progress toward meeting state and local requirements through a school-wide education service plan. A copy of that plan is available in the Main Office.

A student who is suspended or expelled shall not trespass on school property during the time of his/her removal. The student must follow the admittance process as outlined in the letter of suspension. School property involves the school buildings and any area of the school grounds. A student on suspension is also excluded from participating in or attending any school-related or school-sponsored functions, activities or events, including athletics.

Suspensions and expulsions of students and the attendant due process rights are governed by G.L. c. 71, §§ 37H, 37H½, and 37H¾ and 603 CMR 53. Pursuant to Chapter 222 of the Acts of 2012 and 603 CMR 53, expulsion is available as a disciplinary measure ONLY as permitted under G.L. c. 71, §§ 37H and 37H½. All suspension and expulsion decisions will be made at the discretion of the principal or his/her designee.

NOTICES OF SUSPENSION/EXPULSION

For the purposes of this section, unless otherwise specified, all notices shall be written in plain language in English and the primary language spoken at home, if different than English. All written notices shall be delivered by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the administrator and the parent.

IN-SCHOOL SUSPENSION PURSUANT TO G.L. c. 71, § 37H ½

An “in-school suspension” is defined as removal of an student from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions during the school year. In-school suspension for ten (10) school days or less, consecutively or cumulatively during a school year, shall not be considered a short-term suspension under 603 CMR 53.02. If a student is placed in in-school suspension for more than ten (10) school days, consecutively or cumulatively during a school year, such suspension shall be deemed a long-term suspension for due process, appeal, and reporting purposes.

The following due process will be provided for full days of in-school suspensions of ten (10) or fewer school days, consecutively or cumulatively during a school year (see 603 CMR 53.10):

1. The principal or his/her designee shall inform the student of the disciplinary offense charged and the basis for the charge and provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident.

2. If the principal or his/her designee determines that the student committed the disciplinary offense, the principal or designee shall inform the student of the length of the in-school suspension (not to exceed ten (10) school days consecutively or cumulatively in one school year).

3. On the same day as the in-school suspension decision, the principal or designee shall make reasonable efforts to notify the parent/guardian orally of the offense, the reasons for his/her conclusion, and the length of the in-school suspension. The principal or his/her designee shall also invite the parent/guardian to a meeting on the day of the suspension, if possible, or as soon as possible thereafter to discuss the incident, the student’s academic performance and behavior, strategies for student engagement, and possible responses to the behavior.
4. The principal or his/her designee shall send written notice of the in-school suspension to the student and parent/guardian on the day of the suspension. The notice shall include the reason and length of the suspension and invite the parent/guardian to a meeting with the principal (described in paragraph 3, above), if such meeting did not already occur.

Students must follow the established procedures when placed into in-school suspension: For in-school suspensions of more than ten (10) days, please see the section discussing long-term suspensions, below.

OUT-OF-SCHOOL SUSPENSION PURSUANT TO G.L. c. 71, § 37H¾

Unless otherwise specified, “suspension” for the purposes of this section means short-term suspension and long-term suspension. Removal solely from participation in extracurricular activities or school-sponsored events, or both, does not constitute a suspension.

A student must be picked-up by a parent/guardian immediately once a suspension is imposed. Any exception to this policy will be made at the discretion of the principal or his/her designee.

SHORT-TERM SUSPENSION

A short-term suspension is defined as the removal of a student from the school premises and regular classroom activities for ten (10) consecutive days or less. When a student is disciplined with a short-term suspension, the student may not attend school and is not allowed on the school property for the duration of the suspension. A short term suspension may be served in school, in which case, the in-school suspension policies (above) apply.

A student who receives a short-term suspension for a disciplinary offense is entitled to the following due process procedures:

1. The principal or his/her designee shall provide oral and written notice to the parent/guardian, offering an opportunity to meet and to discuss the violation as charged, prior to the suspension taking place. The notice shall set forth the following:
   a. the disciplinary offense;
   b. the basis for the charge;
   c. the potential consequences, including the potential length of the student's suspension;
   d. the opportunity for the student to have a hearing with the principal concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent to attend the hearing;
   e. the date, time, and location of the hearing; and
   f. the right of the student and the student's parent to interpreter services at the hearing if needed to participate.

   The principal or his/her designee shall make reasonable efforts to orally notify the parent/guardian of the opportunity to attend the meeting. A hearing may be held without the parent/guardian once the principal or his/her designee meets his/her obligation to provide reasonable notice.

2. The student shall meet with the principal regarding the alleged offense. The purpose of the meeting is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student and parent/guardian, if present, also shall have an opportunity to present information, including mitigating facts, that the principal should consider in determining whether other remedies and consequences may be appropriate. 603 CMR 53 does not confer the right to counsel or the right cross-examine witnesses.

3. Based on the available information, including mitigating circumstances, the principal shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.
4. The principal shall provide written notice to the student and parent/guardian of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal. Under normal circumstances, students will be expected to make up work within an agreed upon time frame.

**LONG-TERM SUSPENSION**

A long-term suspension is defined as the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. The student may not attend school and is not allowed on the school property for the duration of the suspension.

Except for students who are charged with offenses under G.L. c. 71, §§ 37H or 37H½ (discussed more below) no student may be placed on long-term suspension for one or more disciplinary offenses for more than ninety (90) school days in a school year beginning with the first day the student is removed from school. Suspensions under G.L. c. 71, § 37H¾ may not extend beyond the school year in which the suspension is imposed.

A student who receives a long-term suspension for a disciplinary offense is entitled to the following due process procedures:

1. The principal or his/her designee shall provide oral and written notice to the parent/guardian, offering an opportunity to meet and to discuss the violation as charged, prior to the suspension taking place. The notice shall set forth the same information as provided in the short-term suspension notice (described above), plus the following information:
   a. the rights afforded to the student during the long-term suspension hearing, as provided in 603 CMR 53.08(3)(b) and described below; and
   b. the right to appeal the principal’s decision to the superintendent.

   The principal or his/her designee shall make reasonable efforts to orally notify the parent/guardian of the opportunity to attend the meeting. A hearing may be held without the parent/guardian once the principal or his/her designee meets his/her obligation to provide reasonable notice.

2. The student shall meet with the principal regarding the alleged offense. The purpose of the meeting shall be the same as for a short-term suspension and, in addition to all the rights afforded students in a short-term suspension meeting, students shall have the following rights in a long-term suspension hearing:
   a. In advance of the hearing, the opportunity to review the student's record and the documents upon which the principal may rely in making a determination to suspend the student or not;
   b. the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense;
   c. the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so;
   d. the right to cross-examine witnesses presented by the school district; and
   e. the right to request that the hearing be recorded by the principal, and to receive a copy of the audio recording upon request. If the student or parent requests an audio recording, the principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

3. Based on the available information, including mitigating circumstances, the principal shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

4. The principal shall provide written notice to the student and parent/guardian of the determination and the reasons for it. If the principal decides to suspend the student, the written determination shall:
   a. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
   b. Set out the key facts and conclusions reached by the principal;
   c. Identify the length and effective date of the suspension, as well as a date of return to school;
   d. Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school as provided in 603 CMR 53.13(4)(a);
e. Inform the student of the right to appeal the principal’s decision to the superintendent or designee, but only if the principal has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English, or other means of communication where appropriate, and shall include the following information stated in plain language:
   i. the process for appealing the decision, including that the student or parent must file a written notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that
   ii. the long-term suspension will remain in effect unless and until the superintendent decides to reverse the principal’s determination on appeal.

5. Under normal circumstances, students will be expected to make up work within an agreed upon time frame upon their return from a long-term suspension.

**APPEAL OF LONG-TERM SUSPENSION**

A student placed on long-term suspension following a principal’s hearing has the right to appeal the suspension to the superintendent. The long-term suspension will remain in effect unless and until the superintendent reverses the principal’s decision on appeal. The superintendent may uphold the principal’s decision or impose a lesser penalty but may not impose a suspension greater than that imposed by the principal.

The appeal of long-term suspension must be in writing, within five (5) calendar days of the effective date of the long-term suspension. The student or parent/guardian may request an extension of up to seven (7) calendar days to submit this request for an appeal.

The superintendent or his/her designee shall hold an appeal hearing within three (3) school days of receiving the student’s request for an appeal. The student or parent/guardian may request an extension of up to seven (7) calendar days for this appeal hearing to be held. The superintendent or his/her designee shall make a good faith effort to include the parent/guardian in the meeting but may proceed without the parent if the superintendent or his/her designee made efforts to find a day and time for the hearing that would allow the parent and the superintendent/designee to attend. The superintendent or his/her designee shall send written notice to the parent/guardian of the date, time, and location of the hearing.

The superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. At the hearing, the student has the same rights afforded him/her at the principal’s hearing for long-term suspensions. The superintendent’s meeting will be audio recorded and the student/parent may receive a copy of the recording upon request. The superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request.

The superintendent will issue a written decision within five (5) calendar days of the hearing, either upholding or lessening the suspension. The notice will contain the same information as a long-term suspension notice, except for information on the right to appeal.

The superintendent’s decision will be the final decision of the school district.

**SCHOOL OFFENSES WHICH MAY RESULT IN SUSPENSION**

The following offenses may result in an in-school, long-term, or short-term suspension. The length of the suspension and whether it will be served in-school or out-of-school will be determined by the principal in his/her discretion. Some of the offenses listed below may also subject a student to expulsion pursuant to G.L. c. 71, §§ 37H and 37H½:

1. A threat or verbal abuse toward a staff member or other school employee will not be permitted. This rule is not limited to school property or school hours.
2. Extortion.
3. Setting a fire.
4. Turning a false alarm.
5. Involvement in the theft, willful destruction of, or vandalism of school employee’s property, or student and/or school property. In addition, the offender(s) may be billed for the cost of repairing or replacing the property and police will be involved.
6. Possession or use of dangerous material(s) or items or use of firecrackers; smoke or stink bombs or similar disruptive items.
7. Driving on school grounds after being told not to (e.g. as a result of reckless or dangerous driving, or causing chronic tardiness situations, etc.).
8. Behavior which is a danger to any person(s) including the person(s) involved.
9. Serious disruption of a classroom, lunch room, assembly, or other school activity.
10. Harassment or intimidation of a staff member or fellow student.
11. Refusal to follow the directions of an administrator.
12. Refusal to provide (correct) name to inquiring faculty/staff member or substitute teacher.

EXTRACURRICULAR ACTIVITIES AND ATHLETICS DURING SUSPENSION/EXPULSION

Students may not participate in any extra-curricular activities or school-sponsored events during the period of their suspension (whether in-school or out-of-school) or expulsion.

EXPULSION PURSUANT TO G. L. c. 71, §§ 37H & 37H½

Expulsion is defined as the removal of a student from the school premises, regular classroom activities and school activities for more than ninety (90) school days, indefinitely, or permanently as permitted under G.L. c. 71, §§ 37H or 37H½ for: a) possession of a dangerous weapon; b) possession of a controlled substance; c) assault on a member of the educational staff; or d) a felony charge or felony delinquency complaint or conviction or adjudication or admission of guilt with respect to such felony, if the principal determined that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school, as provided in G.L. c. 71, §§ 37H and 37H½. Expulsion is not available for other offenses pursuant to G.L. c. 71, § 37H¾.

Offenses under G.L. c. 71, §§ 37H and 37H½, are not subject to the limitations of 37H¾ concerning the duration of a student’s removal from school, and may result in an expulsion or suspension longer than 90 days or that extends beyond the school year.

EXPULSION UNDER G.L. c. 71, § 37H

Massachusetts General Laws, Chapter 71, Section 37H, provides as follows:

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
(b) Any student who assaults a principal, an Assistant Principal, teacher, teacher’s aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).
(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

**EXPULSION UNDER G.L. c. 71, § 37H½**

Massachusetts General Laws, Chapter 71, Section 37H ½, provides as follows:

1. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

   The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student’s parent or guardian within three calendar days of the student’s request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

2. Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.
EMERGENCY REMOVAL PURSUANT TO G.L. c. 71, § 37H¾

A principal, in his or her discretion, may temporarily remove a student from school when the student is charged with a disciplinary offense and, in the principal’s judgment, the student’s continued presence poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal’s judgment, there is no adequate alternative to alleviate the danger or disruption. The emergency removal shall not exceed two (2) school days following the day of the emergency.

The student may not be removed until adequate provisions have been made for the student’s safety and transportation.

During the emergency removal, the principal or his/her designee shall:

1. Make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal and other information required for short- or long-term suspensions, as applicable;

2. Provide written notice to the student and parent that complies with the requirement for written notices for short- and long-term suspensions;

3. Provide the student an opportunity for a hearing with the principal that complies the requirements for a short- or long-term suspension hearing, as applicable, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent.

4. Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of notices for short- or long-term suspensions, as applicable.

ACADEMIC PROGRESS DURING SUSPENSION OR EXPULSION

Any student who is serving an in-school suspension, short-term suspension, long-term suspension or expulsion under G.L. c. 71, §§ 37H, 37H½, and 37H¾ shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his/her removal. The principal shall inform the student and his/her parent/guardian of this opportunity in writing when the suspension or expulsion is imposed.

Students who are expelled or suspended for more than 10 consecutive days will have an opportunity to receive education services and make academic progress toward meeting state and local requirements during their removal from school pursuant to the school-wide education service plan. The plan is available at the Main Office.

The principal shall notify the student and his/her parent/guardian of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English, or other means of communication where appropriate. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

4. Students will not be allowed to go to their vehicles unless escorted by a police officer or chaperone.

8. Students are expected to depart promptly at the conclusion of the dance.
BREATHALYZER USE

Any student suspected of being under the influence of alcohol on school grounds or at any school-sponsored function may be subject to a Breathalyzer test administered by the Principal or Principal’s Designee. A Breathalyzer test may also be administered to students and guests as a condition of admission to any school-sponsored activities. Refusal to submit to a test will be a presumption of guilt and will result in consequences as listed in the chart on page 25, “Student found or admitting to being under the influence of drugs or alcohol”.

HONOR CODE

Students will subscribe to the following honor code:
“I understand that academic honesty is absolutely necessary for my teachers to be able to evaluate my learning and help me learn better. I pledge that all of the work I hand in will be my own, completed without unauthorized help, except in the case of group projects or assignments on which my teacher allows collaboration. When using other people’s words or ideas in my papers, I will give credit to the source by citing the author. I also pledge not to assist others in violating this honor code, and to do all I can to promote and uphold academic honesty at Monomoy Regional High School.”

Examples of cheating are (list is not all inclusive):
- a. Looking at another student’s work during a test.
- b. Copying test answers from another student or teacher.
- c. Possessing cheating sheets with answers on them.
- d. Talking during a test/quiz.
- e. Removing or obtaining an exam from a classroom without the teacher’s permission.
- f. Computer fraud, cheating using other people’s disks and inappropriate behavior relative to the use of computers, software, and related media.
- g. Plagiarism is a serious error for a writer to make; all students should be aware of the consequences. Any paper that contains even a small portion that has been plagiarized will be a violation of the honor code.

Plagiarism is the copying or use of the phrases and ideas of another person as if they were the writer’s own. Whether one is publishing a paper, writing an essay for class, or composing music, it is considered academically dishonest, as well as morally and legally wrong, not to give clear credit to the author.

Specifically, there is nothing wrong with using the opinions, words, or phrases of others to support your ideas in an essay, but the exact words must be put in quotation marks and the names, titles, dates, and pages must be acknowledged in footnotes. In cases where the ideas of another person are used rather than the exact words, those ideas must also be acknowledged in the body of the paper or in a footnote.

Students who violate this code will be subject to the following consequences:
- a. Student will be given a zero for any assignment in which this code is violated. This zero cannot be made up. On tests or other assignments where there are multiple sections, teachers may isolate which part of the assignment is compromised by the violation and assign a zero for that section, or teachers may impose a zero for the entire assignment, at their discretion. Teacher will contact the parent(s).
- b. Student in violation of this code will be placed on academic probation for a period of two weeks for each offense resulting in ineligibility for all extracurricular activities including sports, club activities, and social events.
- c. Repeat violations of this Honor Code may result in Saturday School, suspension and/or increased academic sanctions.

Any student accused of a violation may appeal by requesting:
First: A review by the department chairperson. The chairperson shall have the authority to overturn or alter the decision of the teacher, including recommending an alternate assignment for the student.
Second: A hearing before a committee chaired by the Principal, an Assistant Principal, or another designated chair, and consisting of one faculty member and one student appointed by the Chair. Such hearing will be held
in a timely manner. The committee shall have the authority to overturn or alter the decision of the teacher, including recommending an alternate assignment for the student. If multiple students are involved in the same incident, the same committee will hear all appeals.

*Letters of Appeal must be presented to an Assistant Principal within two (2) days of issuance of the penalty. Appeals will not be accepted if a student admits to the violation and states that (s)he is only appealing due to displeasure with the consequences.

**HARASSMENT POLICY**

The Monomoy Regional School District is committed to maintaining a school and work environment free of harassment of any kind, including harassment based on race, color, religion, gender, national origin, age, sexual orientation, gender identity, homelessness, or disability. The Monomoy Regional School District expects all members of the school community, including but not limited to, administrators, teachers, staff members, students and vendors, to conduct themselves in an appropriate and professional manner and with concern for fellow members of the school community. Paramount is the maintenance of a safe and civil environment in which adults can work and students can learn and achieve high core academic standards. All persons are to be treated with dignity and respect.

Harassment in any form will not be tolerated. Harassment is any behavior which has the purpose or effect of unreasonably interfering with an individual’s work or educational performance, or behavior that creates a hostile work or educational environment. It may be verbal, non-verbal, written, physical or psychological in nature. Such behaviors may include, but are not limited to:

1. Unsolicited remarks, including threats, intimidation, rumors and name-calling
2. Unwelcome or intimidating gestures
3. Display or circulation of written materials or pictures of a derogatory nature
4. Unwelcome touching, cornering or other physical contact
5. Deliberate social exclusion
6. Cyber bullying, the use of electronic information and communication technologies to threaten, harass or intimidate a person or group of persons (including, but not limited to, e-mail messages, instant messaging, text messaging, cell phone communication, internet blogs, internet chat rooms, social networking websites).

Harassment may take place on school grounds, at school-sponsored activities, at an official school bus stop, or on school-provided transportation. Harassment may be overt or subtle, but regardless of what form it may take, i.e. verbal, non-verbal or physical, harassment can be insulting and demeaning to the recipient and will not be tolerated in the Monomoy Regional School District. Determinations about whether or not behavior is considered harassment will be viewed from the perspective of a reasonable person. As such, what one person may consider acceptable behavior, may reasonably be viewed as harassment by another person. Therefore, individuals should consider how their words and actions might reasonably be viewed by other individuals.

In addition, sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitutes sexual harassment when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic advancement;
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions;
- Such conduct interferes with an individual’s job duties, education or participation in extra-curricular activities; or
- The conduct creates an intimidating, hostile or offensive work or school environment.

Under certain circumstances, harassment (particularly sexual harassment) may constitute child abuse under Massachusetts General Law 1. Chapter 119, Section 51A. The District shall comply with state law in reporting suspected cases of child abuse.

The Superintendent of Schools shall appoint a district Title IX/Section 504 of the Rehabilitation Act, Chapter 622 Coordinator to communicate the requirements of the law relative to harassment and the contents of this policy. The Superintendent or his/her designee shall establish a district grievance procedure for reporting and investigating allegations of harassment.
Individuals who believe that they have been subjected to harassment or discrimination may file their complaint with the Coordinator, Building Principal or Superintendent. Any teacher who receives a complaint from a student or parent is expected to immediately refer the complaint to the Coordinator, Building Principal or Superintendent. This will allow the school department to quickly investigate and resolve complaints. The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the school district's legal obligations, and with the necessity to investigate allegations of harassment and to take corrective action with allegations that have been substantiated. The results of the investigation shall be made known to the complainant and the alleged harasser as soon as possible.

An individual who believes that they have been subjected to harassment or discrimination of any type may also choose to contact and/or file a formal complaint with the appropriate state and/or federal governmental agencies responsible for enforcing the laws prohibiting harassment:

Each Administrator, in conjunction with the Coordinator, shall be responsible for enforcing this policy to assure compliance with Federal and State laws and district policy governing harassment within their respective schools or areas of responsibility.

Adult members of the school community shall lead by example and enforce this policy among the student population. Student to student harassment will not be tolerated.

Where an allegation of discrimination or harassment has been substantiated, the Monomoy Regional Public Schools shall act promptly to address the matter and with the intent to prevent any future occurrence. Any employee, student or other individual in the school community found to have engaged in harassment may be subject to discipline, including but not limited to verbal warning, written warning, reprimand, suspension, expulsion (students) or termination (employees) subject to applicable procedural requirements. The severity of the disciplinary action shall be based upon the circumstances, nature of the infraction, prior discipline, or any other factors deemed relevant by the administration. Individuals who engage in harassing behavior should also be aware that their conduct may subject them to private legal action under state or federal law by the individual complainant.

The Monomoy Regional School District also prohibits any retaliation against those who make a complaint of harassment. Any individual who retaliates against a complainant, or any person who testifies, assists or participates in the investigation, proceeding or hearing will be subject to discipline. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

Any individual who deliberately files an untrue complaint or knowingly provides false information in the context of an investigation, hearing or other proceeding will also be subject to disciplinary action by the school district.

Persons who have been subject to harassment will be provided with support and assistance as appropriate in meeting their needs within the school environment, and will be aided in seeking further assistance if they so desire through referral to appropriate sources.

Notice of this Policy shall be circulated to all the schools in the district and incorporated annually in staff and student handbooks. It shall be posted in the main office of each school and in all faculty lounges. Training sessions on this policy and prevention of harassment shall be held annually for all staff members and students in an age appropriate format.

TITLE VI of the CIVIL RIGHTS ACT of 1964
Statue prohibits discrimination on the grounds of race, color or national origin by recipients of federal financial assistance. This statue ensures that individuals are not excluded from participation in program or activities receiving federal funds (or the benefits of) on account of their membership in one of these protected categories (42 USC S2000d). This statue has been interpreted to prohibit the denial of equal access to education because of a language minority student’s limited proficiency in English.

TITLE IX of the EDUCATION AMENDMENTS of 1972
Title IX of the Education Amendments of 1972 provides that no individual may be discriminated against on the basis of sex in any education program or activity receiving federal assistance. BULLYING

Bullying is a serious infraction, which will not be tolerated by the Monomoy Regional Public Schools. Bullying is defined as the repeated use by one or more students or by a member of school staff including but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to extra-curricular or paraprofessional of a written or electronic expression or a physical or emotional harm to the victim that
1. causes emotional or physical harm to the victim or victim’s property
2. places the victim in reasonable fear of harm to himself or damage to his property
3. creates a hostile environment at school for the victim
4. infringes on the rights of the victim at school
5. materially or substantially disrupts the education process or the orderly operation of a school.

For the purposes of this section, bullying shall include cyberbullying.

The school or district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee or to the superintendent or designee when the principal or an Assistant Principal is the alleged aggressor, or to the school committee or designee when the superintendent is the alleged aggressor. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. A student who knowingly makes a false accusation of bullying or retaliation may be subject to disciplinary action. Students, parents or guardians, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the principal or designee.

An overview of the various resources available to address bullying is available in the Guidance Office and may also be found in the District’s Bullying Prevention and Intervention Plan, which can be viewed on each school building’s administrative landing page.

HAZING

The Monomoy Regional School Committee recognizes the right of all students to participate through competition or open admission to all clubs, activities and sport programs and, therefore, prohibits the practice of “hazing.”

The Commonwealth of Massachusetts: An Act Prohibiting the Practice of Hazing Chapter 269 of the General Laws includes:
• **Section 17** – Whoever is a principal organizer or participant in the crime of hazing as defined herein shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or by both such fine and imprisonment.

Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of food, liquor, beverage, drug or other substance, or any other brutal treatment of forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

• **Section 18** – Whoever knows that another person is the victim of hazing and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than $1,000.

Any student who is found to be in violation of the hazing law (Mass. General Laws, Chapter 269, Sections 17, 18 and 19) or found harassing another student by abusive and humiliating language or action may be subject to discipline in accordance with applicable laws.

**SECURITY CAMERA PROCEDURES**

The Monomoy Regional School District is committed to ensuring a safe and secure learning environment for both students and staff. To assist in fulfilling this part of our mission, the school district has installed a digital video surveillance system which deploys a series of video cameras both inside and outside of our schools. In general, cameras are focused on the main entrances to our schools, parking lots, and in strategic areas within the schools. The following procedural rules are in effect for the use of this video security system:

- All persons entering the premises will be informed of the presence of the cameras.
- The cameras provide a live image and record images which will be stored digitally for thirty days.
- The live feed from the cameras will not be monitored on a full-time basis.
- Each school office will have a video monitor which will display the front entrance and will be monitored as needed by office staff.
- Video and still images can be retrieved and may be used by school administrators or the police department to aide in any investigation of a school related incident.
- Video and still images may be used as evidence for purposes of discipline.
- In the case of violation of law, upon their request, the video evidence will be provided to the police department for possible prosecution.
- Under no circumstances will the video surveillance system be used to focus on the activities or behavior of any individual student or specific group of students.
- Access to the school’s surveillance system will be limited to the schools’ administrators, and the Harwich Police Department, unless otherwise required by Court order.
CHEMICAL HEALTH REGULATIONS

MONOMOY REGIONAL HIGH SCHOOL CHEMICAL HEALTH RULES FOR ATHLETICS AND EXTRACURRICULAR ACTIVITIES

The Monomoy Regional High School Chemical Health Rule abides by and exceeds the MIAA CHEMICAL HEALTH RULE.

Throughout the school year, beginning with the first day of school (the first day of Fall sports practice for Fall athletes), a student shall not, regardless of the quantity, use or consume, possess, buy/sell or give away:

a. Any beverage containing alcohol
b. Marijuana, steroids or any controlled substance as defined in Chapter 94C MGL.
c. Prescription drugs* used inappropriately
d. Aerosol products used as inhalants
e. Any other chemical substance deemed inappropriate by the school administration
f. Use or possession of tobacco products including clove products, smokeless tobacco and vaping products. The SMOKING/SMOKELESS TOBACCO/VAPING school rule also applies (p.25) as well as the MIAA 25% non-participation rule listed below.

*It is not a violation for a student to use a legally defined drug specifically prescribed for the student’s own use by his/her doctor. If such a medication must be taken during school hours, it must be done in the Nurse’s office under her supervision. Such medication must be kept in the Nurse’s Office and not in a student’s car, locker, among his/her possessions or on his/her person.

PENALTIES:

1. First Violation
   When the principal or his/her designee confirms, following an opportunity for the student to be heard, that a violation occurred the student shall be removed from all team participation, for the next twelve (12) consecutive weeks. The student may not practice, dress, or travel with the team. In the case of a club or activity, the student will be removed from all club meetings and functions for twelve weeks. A student may elect to reduce the above penalty from twelve to six weeks if he/she successfully completes a six-week Monomoy Regional High School approved “Healthy Choices” Program or another similar six-week program pre-approved by Monomoy Regional High School administration. The MIAA rule of non-participation in 25% of all interscholastic contests will be enforced. If the 25% restriction has not been completed in the current season, the remainder will carry over and be in effect in the next interscholastic season in which the student participates. If a student participates in the Healthy Choices option, he/she may practice with the team but may not participate in games, scrimmages and team travel.

2. Second Violation and subsequent violations over the four years of high school.
   When the principal or his/her designee confirms following an opportunity for the student to be heard, that a second violation occurred, the student shall be removed from all teams, clubs and activities for a period of one calendar year from the date of the hearing for the second offense. The student cannot practice, dress, or travel with any team.

Valid reporters of an offense under these two sections are:
   a. Self-admission
   b. School personnel, parents or any other reliable, verifiable source
   c. An arrest, summons or report by the police department

After the second or subsequent violation, if the student of his/her own volition becomes a participant in a pre-approved chemical dependency program or treatment program*, the student may be certified for reinstatement after a minimum period of six calendar months from the dates of the second hearing.

* Participation in such a program independent of a policy violation is not an admission of guilt.
Regarding 1\textsuperscript{st}, 2\textsuperscript{nd} and/or subsequent violations:

- Any reports will be confirmed and used in conformance with due process. If disciplinary action is taken, a student may appeal the action and have the case reviewed. An appeal is to be made to the next level of administration. Appeal notification must be made within 2 school days of issuance of the penalty. The Superintendent will only consider appeals regarding suspensions of 10 school days or more. Appeals will not be accepted if a student admits to the violation and states that (s)he is only appealing due to displeasure with the consequences.

- The penalty periods for athletics and extracurricular clubs and activities will only extend into the next academic year if the penalty is not completed prior to the start of the Fall season or prior to the start of the extracurricular clubs and activities.

- In addition to the clubs, athletics and activities listed on pages 9 and 49 the following activities covered by this policy include, but are not limited to the following list: theatrical performances, the Prom, Senior Banquet, talent shows, Class Officer positions (Band, Chorus and Theatre class performances are not included because these are requirements for credit-earning courses).
PHILOSOPHY

The Athletic Policy of Monomoy Regional shall provide all students with the information and opportunities necessary to participate in a successful athletic program. It is in the understanding that participation in athletics is a privilege, not a right. No student shall be excluded from or discriminated against obtaining the advantages and privileges of our athletic programs on account of race, sexual orientation, color, gender, gender identity, religion, national origin, homelessness, or disability provided they meet all eligibility requirements. Participation in interscholastic activities offers student-athletes significant lifetime learning experiences that cannot be duplicated in any other instructional setting. At Monomoy Regional the athletic program is an extension of the academic program, and all student-athletes are encouraged to strive for excellence in both the classroom and on the athletic field. Good sportsmanship, commitment to the team and school, and the development of skills and strategies necessary for interscholastic competition are essential to a successful athletic program. Interscholastic athletics at Monomoy Regional embodies spirit, social presence, cooperative behavior, discipline and responsibility.

The Monomoy Regional athletic program aims to:

- Assist each student in developing his/her talents and desire to put forth his/her best effort in order to excel in the sports of his/her choice.

- Provide an environment for the student to learn and practice self-discipline, cooperation, good sportsmanship, school spirit and loyalty, and to appreciate the abilities of others.

- Encourage the student-athletes to recognize and embrace the importance of good academic standing. It is the philosophy of Monomoy Regional that athletes are student first. As such, after-school academic assistance takes precedence over athletic practice for our student-athletes. It is the responsibility of the student-athlete to notify his/her coach if they will be late for practice due to after-school academic help.

- Foster the qualities of respect for self and others, honesty, commitment, reliability, and perseverance through the promotion of both life skills and sports skills.

- Inform students of post high school opportunities.

MASSACHUSETTS INTERSCHOLASTIC ATHLETIC ASSOCIATION (MIAA)

All rules and regulations governing secondary school interscholastic athletic contests and practices are established by the Massachusetts Interscholastic Athletic Association (hereafter referred to as the MIAA). The MIAA Rule Book is provided for every coach and is available in the Athletic Director’s office as well as online at www.miaa.net. There are many more MIAA rules than we cannot possibly print in this packet. Athletes are urged to become familiar with the MIAA Rule Book. Student-athletes and parents should check with the athletic director regarding special issues or with questions.

SPORTSMANSHIP POLICY

The ideals of good sportsmanship, ethical behavior, and integrity should permeate all interscholastic athletics in our community. In perception and practice, good sportsmanship shall be defined as those qualities of behavior which are characterized by generosity and genuine concern for others. Our athletic fields should be the laboratory to produce good citizens reflecting “fair play” in every area of life.
Expectations of Parents, Guests, and other fans:

- Game attendance is a privilege; our expectation is that fans will be supportive and positive.
- Respect the entire playing of the National Anthem.
- Respect decisions made by contest officials.
- Be an exemplary role model by positively supporting teams in every manner possible, including content of cheers and signs.
- Become aware of the purpose of the league and rules to keep winning in its proper place.
- Respect fans, coaches and participants.
- Be a fan... not a fanatic!
- Recognize outstanding performances on either side of the playing field.

Suggested Positive Behavioral Guides:

- Applaud during introduction of players, coaches, and officials.
- Accept decisions by officials, they are doing their best under often stressful circumstances.
- Handshakes between participants and coaches at end of contest, regardless of outcome.
- Treat competition as a game.
- Search out opposing participants to recognize them for outstanding performance or coaching.
- Applaud at the end of contest for performances of all participants.
- Demonstrate concern for injured player, regardless of team.
- Encourage supporting people to display only sportsmanlike conduct.

Amended from the Case for Sportsmanship, MIAA

Athlete Ejected From a Contest

In the event that a Monomoy student-athlete is ejected from a contest for: fighting, inappropriate language, abuse of an official or any other unsportsmanlike behavior, he/she must meet with his/her coach and the Athletic Director before returning to participation in that sport. In addition, as outlined by the MIAA guidelines, any ejected student-athlete must complete the NFHS online Sportsmanship course and submit to the Athletic Director a copy of the certificate of completion of said course before returning to play. The student-athlete may be subject to additional sanctions.

Fan Ejected from a Contest

In the event that a Monomoy spectator, including students and parents, taunts a coach, player, game official or other spectators, appropriate management may give the spectator one warning. Any subsequent offense will be subject to ejection and/or further disciplinary action. In addition, any ejected spectator will be required to complete the online NFHS Sportsmanship course and submit a copy of the certificate of completion to the Athletic Director. Upon submission of the course certificate, the Athletic Director in conjunction with the Principal, will schedule a meeting with the violator to review the incident and reiterate expected fan behavior. Any further incidents could result in spectator removal for the remainder of that season and/or the school year. If the incident is deemed severe enough, permanent removal of spectator status could result.

COACHES EVALUATION AND TERM OF CONTRACT

All varsity coaches will be evaluated on a yearly basis by the athletic director with sign off to include the coach and administration. Coaches may submit, in writing, a response to written evaluation which will be retained as part of the official documentation. All coaches will provide the athletic director with a written summary at the conclusion of each sport season. Included in this document will be: a complete inventory of uniforms and equipment, expected needs for the following season, an overview of the season, highlighting team and individual accomplishments, as well as a brief evaluation on the effectiveness of all coaches under his/her direction.

In accordance with School Committee recommendation, varsity head coaching positions that are contested will be interviewed by a screening committee consisting of one parent member of the school council, one student and the Athletic Director. The Principal shall make the final recommendation to the Superintendent for appointment of all coaches after considering input from the Athletic Director and/or the screening committee. The Athletic Director shall oversee the interviews of all non-contested positions as well as the selection of sub-varsity coaches.

GOVERNING BODIES

Monomoy is a member in good standing of the MIAA. With membership, the Principal and Athletic Department agree to abide by all rules and regulations of the MIAA. One of the primary functions of the MIAA is to sponsor and conduct post-season tournaments leading to the determination of geographical district and state champions. When varsity teams qualify for and enter such tournaments, they are subject to specific rules and regulations that govern each tournament, as set by the MIAA. The MIAA does not sponsor or sanction any sub-varsity tournament competition.
ATHLETIC ELIGIBILITY

During the last marking period preceding the contest (e.g. second quarter marks and not semester grades determine third quarter eligibility) a Monomoy Regional High School student must secure a passing grade in the equivalent of six subjects. If a student-athlete is passing the equivalent of five courses, they will be permitted to practice with the team as determined by the Head Coach but are not permitted to play in games and/or travel with the team. The student-athlete may attend home games and sit with the team but they may not be in uniform. Upon the issuing of Progress Reports for the immediate following term, if the student-athlete is passing all of their classes, they will be able to regain full playing status and return to game play as determined by the Head Coach. If however at Progress Report times the student-athlete has 1 or more failing grades, the practice privilege is revoked and the student-athlete will be ineligible until the next report card. Incomplete grades may not be counted toward eligibility.

- Please refer to grades for withdrawal from courses.
- A student cannot count eligibility for any subject taken during the summer vacation, unless that subject has previously been pursued and failed.
- Student receiving services under Chapter 766 whose individualized educational plan is a 502.4 or more restrictive prototype, may be declared academically eligible by their principal provided that all other eligibility requirements are met.
- A student who is placed on academic or disciplinary probation shall be automatically restricted from participating in any interscholastic activity during the period of probation. This includes team managers.
- In addition to the MIAA regulations, the following attendance rules shall be enforced:
  - If a member of a team, from Monomoy is absent one hour after the start of school on the school day of an interscholastic athletic event without acknowledgement and authorization from a parent, he/she will not be permitted to participate in said event.
  - If a member of a team is dismissed for any medical, legal, personal or school appointment, they must present written documentation in order to participate in practice or a contest that day and receive permission from the Principal or his/her designee.
  - If a member of team is absent from school they are not eligible to practice or participate in a contest that day unless permission is given by the Principal or his/her designee. Exceptions may be made for college visits, funerals or other such excused absences.
  - If a member of team is absent from school on a Friday or the day prior to the start of vacation, they are not eligible to practice or participate in a contest the following day unless permission is given by the Principal or his/her designee.
  - For game-day dress code; please refer to dress code section of Student/ Parent Handbook, page 24.

COMMITMENT

When trying out for a team and after being selected to be a member of a team, Monomoy Regional High School students are expected to attend all practices and games of that team. Practices will average two hours in duration. Weekend practice sessions vary by sport, as well as the level of participation and should be expected. Teams frequently practice and compete during the school vacation periods. Interscholastic athletics demands much more commitment than a club or recreational activity.

In all organizations there is a chain of command or a hierarchy, athletic teams are no exceptions. For our athletic teams it is as follows:
- The Coach
- The Athletic Director
- The Principal
- The Superintendent
- The School Committee

If an issue arises the expectation is that student-athletes and parents will honor this hierarchy and attempt to resolve the issue at the first level, the coach. If the matter is not resolved then proceed up the hierarchy would be the
appropriate course of action. In addition, issues regarding “playing time” are a matter that should and will be discussed with the student-athletes and not the parents and/or guardians.

SCHOOL/FAMILY VACATIONS; EXTENDED ABSENCES

Every team member is expected to be present for all team practices and games. Because of scheduling parameters, many of our teams practice and/or play during scheduled vacations. Any student who plans to be absent for an extended period of time due to vacation or a planned extended absence, should discuss this situation with the coach prior to trying out for the team. Any student-athlete who misses scheduled games due to vacations, family trips, etc. will be ineligible for participation until they make up the number of games missed. Any missed scheduled practices will be handled by the coach of each of the respective teams. Mandatory school sanctioned trips are considered excused absences. Exceptions to this rule can only be approved by the Principal and/or the Athletic Director prior to the anticipated absence.

CHEMICAL HEALTH REGULATIONS

Please refer to “Chemical Health Regulations” in the Student/Parent Handbook.

PHYSICAL EXAMINATION, INSURANCE, PARENTAL PERMISSION

1. All student-athletes are required to register on www.familyid.com before being allowed to practice or play on a team. Included in this registration will be:
   a. Signature of parent or guardian
   b. Statement that student is covered by medical, hospital, and surgical insurance. The school is not responsible for payment of medical costs resulting from injuries received in a practice or a game.
   c. Signature of both student-athlete and parent/guardian indicating that any knowledge of any previous head injury/concussion.

2. All students participating in a varsity or sub varsity sport must receive clearance through the nurse that a current physical exam is on file. Following are the general rules of physical examination requirements:
   a. A student wishing to participate in fall, winter, or spring sports must have proof of physical examination completed within the last 13 months.
   b. If the physical examination is not within 13 months, the student will be required to have an examination by his/her private physician.
   c. Some students with special medical concerns may be required to have a physical examination before each varsity sport.

DISMISSAL FROM A TEAM

A member of a team may be dismissed for the remainder of the team’s current season or schedule:

1) If he/she doesn’t maintain the minimum academic standards.
2) When a student receives an out of school suspension during an athletics season, for each day of the suspension he/she will lose eligibility during the suspension. Once back in school, the coach will determine when the student athlete is able to regain full playing privilege. A second suspension during the season will result in dismissal from the team for the remainder of the season and post-season play.
3) If a student violates the Monomoy Honor Code, he/she will lose eligibility for any and all games occurring during that time period (this student will be allowed to practice).
4) When a student violates the Monomoy Chemical Health Policy for a second time during the same season.
5) If he/she displays unreasonable conduct on or off the field of play, including stealing, while under the supervision of the coach.
6) Continued violation of team rules that may result in removal from the team.

In the case of any dismissal by a coach, a subsequent appeal may be made to the Athletic Director.
TRANSPORTATION

All athletes and athletic teams must be transported to and from an athletic event by the school vehicles, except for a very small group, which can be legally transported in one private car, provided such private car is driven by a person approved in advance by the administration. It is understood that such exceptions will be kept to a minimum and granted by the Principal or their designee or the Athletic Director only in case of emergency.

EARLY DISMISSAL FOR ATHLETIC CONTESTS

Often students must be excused from classes early in order to participate in away athletic contests. The time of departure from school will be determined by the Athletic Director and Administration so athletes will not miss school any longer than is deemed absolutely necessary.

Regarding early dismissals, an athlete's first responsibility is to his/her academic work. He/she must understand that being dismissed from classes for competition is a privilege.

If a student athlete is in danger of failing, a teacher may request in writing to the Athletic Director, the student athlete forfeit his/her early dismissal privilege. Requests must be made at least 2 weeks in advance of the scheduled dismissal and are subject to review by the Athletic Director and Principal for a final determination regarding the request. The Athletic Director will promptly contact the parent/guardian of any student athlete with a forfeited early dismissal privilege.

An athlete who becomes a "chronic (repeat) offender" of school rules may lose his/her early dismissal privilege.

INTERCHANGE OF TEAM MEMBERS

Athletes will not be permitted to change sports after seven practice days have passed. Exception to this policy will be made only when both coaches and the Athletic Director agree that the change would serve the best interest of the student. Such exceptions will be kept to a minimum.

LETTER AWARDS: ELIGIBILITY REQUIREMENTS

In order to qualify for a letter, each participant must:

1) Participate in 30% of all scheduled varsity games, periods, matches or meets. A Head Coach may override this requirement if he/she feels there are extenuating circumstances for an individual student-athlete.

2) Complete the scheduled season, Attend all scheduled contests:
   a) Exceptions may be made for injury, illness or conflicting school events
   b) Exceptions for extenuating circumstances may be granted by the Athletic Director.

3) End of season banquets/celebrations will be held jointly at the conclusion of each sports season.

POST SEASON CONTESTS AND TOURNAMENTS

Monomoy Regional High School teams will not compete in post-season games or in tournaments except those officially sponsored or sanctioned by the MIAA or prior approval of the Athletic Director.

MIAA LOYALTY TO THE HIGH SCHOOL TEAM RULE

Under the current MIAA guidelines, a student may practice or compete for his/her school team and a club team on the same day. Athletes must remain loyal to their high school team first and foremost, see Bona Fide team member rule in the MIAA handbook.
TRYOUTS

Participation in athletics is a privilege; students try out voluntarily and on some of our teams, risk being cut. During the tryout period the coach will provide an explanation of his/her expectations. It is the student’s responsibility to demonstrate to the coach that he/she can meet these expectations. Students cut from a team are encouraged to try out for another team if there is space on that team and the final cuts, if any, have not been made. Students who are cut from a team will be informed as to the reasons for the cut. After tryouts begin no athlete may voluntarily leave one team and try out for another without the consent of the Athletic Director.

LEVELS OF PARTICIPATION

A. Freshmen & Junior Varsity Teams
   This is a developmental level where athletes learn skills and strategies to prepare them for varsity competition. The coaching staff will play all team members for as much time as is practical. Some of the factors that will determine an individual’s playing time will include: attendance at practice, effort, attitude, commitment and athletic skill. This is the level(s) where athletes have the opportunity to show their potential and demonstrate to the coaching staff that they are ready for varsity level competition.

B. Varsity Teams
   This level of competition has the same factors and guidelines as the sub-varsity teams. However, there is one additional major factor. Varsity teams will compete against opponents at the highest possible level and there will be a greater emphasis on winning. To reach this goal, the most competitive, skilled team members will get the most playing time. Regarding seniors, their playing time will be determined on their ability to help achieve the above stated goals and not simply because they are in their last year of eligibility.

DAILY TEAM ATTENDANCE

It is extremely important that a coach be notified if a student is not going to be present at a practice or a game. Practice is where plans for upcoming contests are devised and perfected. The coaches in our program expect their athletes to be present at all team-related activities. Suspension or dismissal from a team may take place as a result of such absences.

TIME ALLOWED FOR PARTICIPATION

A student has four consecutive years of participation from the day he/she enters grade nine. This means twelve consecutive athletic seasons of eligibility. A fifth year student is ineligible to compete in his/her fifth year even if he/she has not played in one of the previous years. Any extenuating circumstance regarding participation should be brought to the attention of the Athletic Director.

AGE

A student must be less than 19 years of age on September 1 of the current school year. A freshman cannot participate on a freshman team if they have turned 16 by September 1.

TEAM RULES AND REGULATIONS

At the start of each season a coach, with the approval of the Athletic Director, may issue a set of team rules and regulations to his/her team. It is suggested that these be in written form and passed out to the athletes and their parents at a preseason meeting.
**CARE OF EQUIPMENT**

Students have an obligation and responsibility for all equipment issued to them. Each student is responsible for the proper care and retention of the equipment from the date of issue to the date of return. Equipment should be stored in a locked locker at all times when not in use. Experience has shown that most losses are due to lockers left open, unlocked, or equipment left unattended. If a student loses school equipment or fails to return the same, he/she is responsible to meet the current replacement cost of the equipment. Payment is required prior to the next season of athletic involvement or graduation, whichever comes first. No student will be allowed to try out for another sport until all outstanding equipment has been returned or paid for.

If an athlete leaves a team during the season due to injury, academics, discipline, or quitting, it is his/her responsibility to return all school equipment immediately.

**TEAM CAPTAINS**

It is the coach’s decision as to how team captains are selected. They may be elected by the team, appointed by the coach, elected or appointed on a game by game basis. It is expected that team captains be leaders of their team and should be ready to assume duties as outlined by their coach. Captains are expected to communicate with the coach and team in the event of any problems that may affect the team or its members. Captains may be asked to meet with the Athletic Director during the school year to discuss the athletic program. Captains of teams may be relieved of their duties for violation of team or school rules.

**COLLEGE GUIDANCE / COUNSELING CENTER**

One of the most important decisions facing high school student athletes is what to do with their lives after high school. The members of the Monomoy Regional High School athletic staff are willing and eager to assist student athletes with this very important decision. Staff members fully understand the importance of this assistance. They may be able to answer questions, contact schools and/or coaches, send video tapes if available, and write letters of recommendation. They may also be able to guide students to a more knowledgeable resource that can help with decisions. If a student athlete’s goal is to compete athletically at the collegiate level it is very important to be aware of the ever-changing NCAA regulations.

Our Guidance Department has and is a wealth of information on NCAA regulations. They also have copies of the NCAA Clearinghouse Registration Forms, which must be completed by all student athletes planning to participate at the college level.

**TEAM PLACEMENT**

Coaches will verbally communicate with all players after the tryout period, on which team each player will participate. Although the cutting of students from teams is not desired, in some cases, it may be necessary. Coaches will explain the reasoning to players who have been cut. The Athletic Director is available for further clarification if necessary. Coaches will try their best to keep all freshman and 8th graders on the freshman team, however in some cases, this might not always be possible.

**RECOGNITION OF SENIORS**

Recognition of Senior athletes is not mandatory. If a team would like to honor its Seniors, such recognition should be planned by the coach, players, and parents for that specific team, and held on or near the last regular season home game. Recognition ceremonies shall be brief pre-game ceremonies to recognize each Senior on that team. The recognition ceremony should start 15 minutes prior to game time and not last more than 15 minutes.
